

Central Valley Electric Cooperative, Inc.
POLICY No. 517

HVAC Tune-Up
ENERGY EFFICIENCY PROGRAM

I. OBJECTIVE

The heating and cooling system is the largest energy-consuming device in a home. Performing an HVAC system tune-up annually helps keep air conditioner and heat pump equipment operating optimally.

II. POLICY CONTENT

Central Valley Electric Cooperative's HVAC Tune-Up rebate provides residential members with a rebate on the performance of an HVAC tune-up by a licensed, qualified HVAC contractor.

III. PROVISIONS

A. Program Qualifications and Restrictions

1. The HVAC tune-up must be performed in a permanent residence that CVE serves.
2. To qualify for a HVAC tune-up rebate, the home must be cooled by refrigerated air conditioning or heated with electric resistance heat or a heat pump.
3. Members can apply for this rebate at the same address annually.

B. Rebate

1. A rebate of forty percent (40%) will be offered for the performance of an HVAC system tune-up by a licensed, qualified HVAC contractor. (taxes and labor not included)

IV. RULES AND GUIDELINES

To receive rebate funds, a completed Rebate Application with appropriate signatures and additional required documents must be submitted.

- Must include a copy of a dated paid-in-full invoice from a licensed, qualified HVAC contractor.
- HVAC tune-up must be completed before a rebate can be issued.
- Members must apply for rebates within 90 days of getting the HVAC system tune-up. Rebates will be issued within 30 days of the approved application.
- Rebates will be given in the form of a check or utility bill credit.
- CVE does not guarantee a specific level of energy or cost savings will result from implementing or using products funded under this program.
- CVE is not liable for any damages caused by the operation or malfunction of the installed equipment.
- CVE reserves the right to inspect and verify that an HVAC system tune-up was performed.
- Rebates will be capped at \$75,000.00 annually for any one member. This amount applies to the combined total of all other CVE rebate programs.
- To receive the rebate, CVE members must be current (within 60 days) in the payment of their account(s).

POLICY No. 517

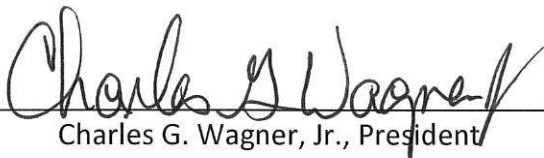

HVAC Tune-Up
ENERGY EFFICIENCY PROGRAM

V. PROGRAM FUNDING

Funding for this program will be from the Renewable Energy and Energy Conservation Fund. Should the Renewable Energy and Energy Conservation Fund become deficient in funds; the HVAC Tune-up Rebate Program will become inactive until such time funds are available.

VI. RESPONSIBILITY

The Chief Executive Officer (CEO) is responsible for implementing and administering this policy.
