What Happens to Unclaimed Capital Credits?

Have you ever wondered what happens to capital credits that go unclaimed even after we publish the list above to try to find people? After they go unclaimed for two years, they are donated to the Central Valley Electric Education Foundation.

The CVE Education Foundation was formed in 1984 and has been providing college scholarships to CVE members and their dependents for more than 40 years. Scholarship recipients are now educators, engineers, medical professionals, lawyers, law enforcement, CVE employees, and much more. Some own their own business, they sit on local boards, and volunteer in their community.

In April, the CVE Education Foundation Board awarded 134 scholarships, worth \$4,000 each, to areaw students pursuing higher education.

For more information on the CVE Education Foundation scholarship, please visit www.cvcoop.org/scholarships.
