Beyond the Wire

Central Valley Electric Cooperative, Inc.

Thank You to Our Members

During this season of giving thanks, Central Valley Electric Cooperative wants our members to know they are more than just customers - ***you are the reason we are here.*** As a member-owned organization, we have the privilege of serving the communities we call home, and we are grateful for the trust you place in us every day.

We know reliable electricity is an important part of your daily life. From powering your home and keeping your family comfortable to supporting local businesses, farms and ranches, electricity helps our communities grow and thrive. Behind every light switch, appliance and piece of equipment is a team of dedicated people working to provide safe, reliable and affordable electric service.

We are especially thankful for the support and patience our members show when unexpected outages occur. Severe weather, equipment failures and other challenges can sometimes interrupt service, but our employees work around the clock to restore power as quickly and safely as possible. Your understanding and encouragement mean a great deal to the people who are out in the field working to get the lights back on.

As a cooperative, we also have a responsibility to look beyond today. We are continually planning, maintaining and improving our system so we can meet the changing needs of our members and prepare for the future. Your membership makes that work possible.

Most importantly, we appreciate the opportunity to be part of our communities. Our employees live, work and raise their families here, and we understand that being a cooperative is about more than providing electricity. It's about ***people helping, investing in our communities and working together to build a stronger future.***

Thank you for being a member, for supporting your cooperative and for allowing us to serve you. ***We are proud to be your electric cooperative, and we are grateful for each and every one of our members.***

HAPPY
THANKSGIVING

Our office will be closed Thursday, Nov. 26 and Friday, Nov. 27 for the Thanksgiving Holiday.

CVE ANNUAL MEETING
