## 2003 Capital Credits Retired

Central Valley Electric Cooperative's Board of Trustees approved the return of **\$2.7 million** in allocated capital credits for the year **2003**.

If you were a CVE member in 2003, and were allocated capital credits, a check and/or bill credit will be issued in March.

As a not-for-profit electric cooperative, members share in the success of the co-op. Any revenue received by CVE that exceeds operating expenses is allocated back to the membership and eventually retired and returned. Disbursement or retirement of capital credits is determined by the CVE Board once a year.

Retirement of capital credits is just another benefit of your cooperative membership. For more information on capital credits, visit [www.CVECOOP.org/capital-credits](http://www.CVECOOP.org/capital-credits) or give us a call at 575-746-3571.
